Crackrar Top. 2020.09.28. We have selected .Q: Can't start directly a Boto3 session connection I'm trying to connect to a S3 bucket with boto3. I've found in the doc that there is the following code example: `import boto3 service = boto3.client('s3',aws_access_key_id=ACCESS_KEY,aws_secret_access_key=SECRET_KEY)` but for me, the service line doesn't start the connection to AWS. Here's what I'm doing: `import boto3 s3 = boto3.client('s3', aws_access_key_id=ACCESS_KEY,aws_secret_access_key=SECRET_KEY) s3` It's working (I'm able to create s3 resources) and returns the right s3client object as you can see in the result: {
