Busou Shinki Battle Masters Mk2 W DLC

I remember reading that everything you can fight in the game (except mimics) can be obtained without DLC. I already completed the game and I have 16. Achievement "Passed", as a reward for it, is also not issued. What about DLC? I don't know how it works, but if suddenly someone wants to get an achievement, then you don't need to do it through the DLC (I can say this for sure, since I passed the DLC), you just need to find the DLC on the forums and download it. Personally, I used the Steam version of the DLC, since the game already has all the DLC installed on the PC. As a result, I had 18 achievements and all rewards are available. In the game, in addition to DLC, there is also a mode for one player.
